

SWBAT take and evaluate time measurements

practice describing data collection methods

Sep 4-7:31 AM

Welcome!!!

H. Leslie Grebe
Room C-244

SECA CP Physics
Monday 21 September 2015

Leslie will come around to check off hmk

* Get started on the opening activity:

➔ Quick Write: (Separate 1/2 sheet of paper)
What do you think about "CP Physics -We're all in this together"?
Are you willing to get support from / give it to your fellow students?

Centering

Sep 7-7:04 AM

PEDs with Passing

- **All students** start the quarter **passing**
- Grades are **always** current Mondays at 8:00 AM (maybe more often)
- Each DAY students can show on SchoolView that they are passing **this class**; then keep the phone with them in class as long as they are being RHR.
- Anyone not looking up grade or not passing **secures** PED before entering
 - Their locker,
 - Their backpack,
 - Or safe teacher lock-up spot
- Can retrieve them at end of class for use during passing time, break, lunch, ...

tiescloud.net/schoolview

Sep 10-7:39 AM

Interview the Teacher

and now, some answers....

Sep 21-8:28 AM

Page 11: Timing and Error

- Build a pendulum
- Hang with 10 cm of string below desk
 - Release from desk height
 - Take turns timing one swing (secret competition!)

What did we get?

Take average of your group

How do we improve accuracy?

Sep 18-7:36 AM

PG 11
TIMING & ERROR

MY TIME FOR 10cm: _____

MY TABLE'S AVG FOR 10cm: _____

AVG: $\square + \square + \square + \square =$ THEN
 \downarrow SHOULD BE IN THE MIDDLE \uparrow DIVIDE BY #

PG 10
